

Air 1 serves my community well. I see stickers representing Air 1 on vehicles as well as my friends listen to them. If I myself could not listen to Air 1 because of lowering the signal my commute to work and church would be changed. Road rage would hit big time. I use the songs and the testimonials to get me there safe and sane. Air 1 is one of the best stations around, there are no bad language only praise and love for Jesus.

God Bless

Debbie
